Subject Index 1987

Numbers following items designate the month of issue and page number. Thus, 6:30 means page 30 of the June issue.

A

ABS, market oppôrtunities, 1:15
Acetal resins
  market opportunities, 1:15
  specialty application, 10:12
Acrylic, specialty application, 6:11
Additives, annual roundup, 6:25
  antifogging agents, 2:21
  antistats, 2:21, 3:61, 6:25
  catalysts, 6:25
  colorants, 2:21, 6:25, 10:11, 12:33
  conductive fillers, 3:61, 6:25
  coupling agent for polypropylene, 4:41
  fillers/reinforcements, 6:25
    glass-reinforced polymer, 3:13
    kaolin, 8:43
  flame retardants, 2:21, 6:25, 10:25
  impact modifiers, 6:25
  mold-release agents, fatty chemicals as, 9:33
  pigments, metallic, 1:33, 12:33
  pigments, pearlescent, 1:33
  plasticizers, 6:25
  polypropylene
    as carrier of additives, 5:40
    as nucleating agent for PET, 7:39
  processing aids, 6:25
  reinforcements/fillers, 2:21, 6:25
    glass-reinforced polymer, 3:13
    kaolin, 8:43
    reaction injection molding of composites, 11:21
  stabilizers, 6:25
  smoke suppressants, 2:21, 10:25
  weatherability, 2:21
Aerospace plastics, 2:10, 3:55
Alloys
  blends and, marketing, 2:41
  blends and, properties, 2:41
Annual Technical Conference (ANTEC)
  "Plastics—Pioneering the 21st Century" (preview), 3:17
  "Report From Los Angeles" (wrapup), 7:43
ANTEC, *see* Annual Technical Conference
Antifogging agents, additives, specialty applications, 2:21
Antistats
  additives
    specialty applications, 2:21
    conductive powders, 3:61
Automotive plastics
  color-matching, 1:37
  reaction injection molding and, 11:29
  Society of Automotive Engineers Show, and plastics, 4:40
  Society of Plastics Engineers Plastics in Automotive Division, awards, 12:47
  specialty application, 12:13
  thermoplastic parts, 1:13, 11:63
  U.S. industry and economics, 9:21
Awards
  SPE's International Awards, 4:24
  SPE's Plastics in Automotive Division, 12:47

B

Blends
  alloys and, marketing, 2:41
  alloys and, properties, 2:41
  elastomeric, 6:35
  extrusion compounding of, 3:57
  liquid-crystal polymer and nylon, 10:39
Blowmolding
  blown film, 10:43
  pressblowing, 4:37

C

Calendering, polyvinyl chloride sheet, 1:29
Catalysts, additives, specialty applications, 6:25
Coatings
  acrylic, 2:33
  conductive, 2:33, 3:61
  EMI/RFI shielding, 2:33
  transparent, 3:61
Color, color-matching, 1:37
Colorants
  additives, specialty applications, 2:21, 6:25, 10:11
  pigments
    metal oxides, 12:33
    pearlescent, 1:33
Composites
  analysis by nuclear magnetic resonance, 5:37
  human-powered helicopter, 2:10
  polypropylene as carrier for additives, 5:40
  reaction injection molding of, 11:29
  SPI conference (RP/C) review, 4:18
Compounding
  markets, 7:21
  quality control and, 10:31
Compression molding, 6:43
Computers
  computer-assisted design, 4:45, 6:11
  predicting polymer properties, 4:14
Conductive fillers, additives, specialty applications, 2:21, 6:25
Conferences
  ANTEC 1987, 3:17, 7:43
  Plastics/West, 8:23, 12:43
  SPI RP/C, 4:18
Controls, machinery and, 12:21
Costs, and part design, 4:45
Curing adhesives, ultraviolet, 10:35
Cyanoacrylates, 10:35

D

Design
  aerospace, 3:55
  coatings
    conductive, 2:33
    polyurethane, for structural foam, 9:37
  computer-assisted, 4:45
  engineering resins, material choices, 5:17
  flocking, 7:31
  linear low-density polyethylene, 1:25
  optical discs, 12:37
  pad printing, 6:39, 7:13
  polycarbonate parts, bonding of, 10:35
  polypropylene, and weld lines, 11:37
  snap-fits, 8:39
  weld lines, 11:37

E

Electrical/electronic applications of engineering resins, 11:21
EMI/RFI shielding, 2:33, 11:21
Engineering resins
  design choices for large parts, 5:17
  electrical/electronic applications, 11:21
  market opportunities, 1:15, 11:21
Extrusion
  blend compounding by, 3:57
  polycarbonate, 7:8
  polyethylene blown film, 9:45
  reactive, 5:27
  rotary extruder, 6:49
  screw design, 3:57, 5:27, 9:45

F

Fillers/reinforcements
  additives, specialty applications, 2:21
  fiber-reinforced rods for bridges, 4:14
  glass-reinforced polymer, 3:13
  kaolin, 8:43
Film, blown polyethylene, 9:45, 10:43
Finishing, flocking, 7:31
Flame retardants
  additives, specialty applications, 2:21
  industry, 10:25
  testing, 10:25
Foaming agents, effect on paint adhesion, 9:37
Foams
  expandable polystyrene (EPS), 2:9
  polyolefin, 6:12
  polypropylene, 2:9
  polyurethane, 4:14

I

Impact modifiers, specialty applications, 6:25
Injection molding
  hybrid molding, 6:43
  metal parts, 11:33
  polypropylene, 11:37
  pressblowing, 4:37
  reaction
    of composites, 11:29
    of polyurea, 11:41
  screw design, 8:49
Interplas 87, Birmingham, England, 6:12

L

Linear low-density polyethylene
  specialty application, 7:13
  properties and branch distribution, 1:25
Liquid-crystal polymer, blend with nylon, 10:39
LLDPE: *see* Linear low-density polyethylene

M

Machinery
  controls and, 12:21
  extruder, rotary, 6:49
Marketing
  alloys and blends, 2:41
  compounds, 7:21
  engineering resins for advanced applications, 1:15, 11:21
Materials: *see also* specific type
  alloys and blends, 2:41
  automotive plastics, 9:21
  blends
    elastomeric, 6:35
    liquid-crystal polymer and nylon, 10:39
  engineering resins, 1:15, 5:17, 11:21
  marketing, 2:41
  thermoplastic elastomers, 8:31
Medical plastics
  bonding polycarbonate parts, 10:35
  polycarbonate, 7:14, 9:19, 9:20, 10:35

Subject Index 1987

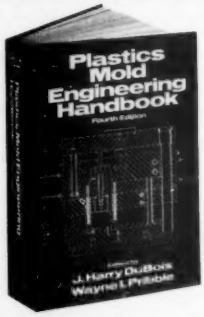
NOW UPDATED! The most-used plastics reference—



PLASTICS MOLD ENGINEERING HANDBOOK
Fourth Edition
Edited by J. Harry Dubois
and Wayne I. Pribble

Be on top of current developments in plastics mold production, die design and construction, and plastics materials. The 4th edition of this classic handbook explains the latest CAD methods for plastics molds. A new section on designing molds weighing 20 tons or more lets you meet today's demand for larger plastic parts while new, updated chapters on thermodynamics and blow molding help you achieve optimal mold designs.

Non-member price: $62.00
***Special SPE member price:* $48.00**
(both prices include shipment and handling within the U.S.A. Add $4.00 per book for outside U.S.A.)
